

# Aberlour Childcare Trust

## Aberlour Youth Conference

### Why did you choose the national centre?

This event is our annual young people's event, planned and organised by young people. An opportunity for young people supported by Aberlour from across Scotland to get together to take part in workshops, hear from guest speakers, enjoy activities and to meet, share, learn and have fun. The centre had all the facilities we wanted to deliver this event, and could easily accommodate the number of young people and staff who attended.

### Tell us about your overall experience

The centre was an excellent venue for our event. The facilities were high quality and perfect for what we needed. The combination and flexibility of the various areas and spaces in the venue ensured we could deliver the range of activities and content that were planned for the event. The communication with the team in the build up to the event was excellent, including the opportunity for a site visit and tour to assist with the planning.

The staff team on site during the event were superb, and made sure we had everything we needed. They were also helpful with any the issues and challenges we encountered, or specific requests we had. The quality of the venue and support of the centre staff helped us to deliver a fantastic event.

Martin Canavan  
Policy and Participation Officer, Aberlour Childcare Trust

### A highlight of your time with us

The Saturday evening entertainment for the young people which included karaoke and a disco was a fantastic experience, with so many young people from different backgrounds and cultures coming together have so much fun. The facilities, equipment and space that the venue provided helped this to be a success.
